Languages

English   Fluent
French   Fluent
Mandarin   Intermediate

Education

University of Ottawa   *Ottawa, Ontario*

BACHELOR OF APPLIED SCIENCES IN SOFTWARE ENGINEERING (CO-OP)   *Sep. 2019 - Ongoing*

- Presently in 1st year
- Recipient of the $3000 Renewable Admission Scholarship

Skills

Software Engineering

PROGRAMMING LANGUAGES

- HTML 5, CSS 3 and JavaScript: designed websites for a sales pitch and personal projects.
- JavaScript: programmed animations and updated web page content.
- Python 3: created software for problem-solving.
- Currently learning Java.

PROJECT MANAGEMENT

- Git: managed different versions of large projects by saving changes to local repositories and uploading code to remote repositories.

Projects

SCHOOL PROJECTS

- Designed and built with the help of 4 teammates a source controlled and Firebase-hosted website that promotes a logistics company.

PERSONAL SIDE PROJECTS

- Created a personal website displaying hobbies and interests.
- Developed with the help of a teammate an online pharmacy inventory that allows customers to check if their prescriptions are available and pharmacists to refill their stocks (uOttaHack 2020).

Computer

SOFTWARE APPLICATIONS

- Microsoft Office (Word, Excel, PowerPoint): visualized spreadsheet data for physics project, crafted effective and creative slideshows.
- Vegas Pro 15: produced short films and video ads for media and communication class by trimming video clips and applying sound effects to audio tracks.
- Adobe After Effects CC 2018: added special effects such as transitions and glitches to video footage.
- GIMP 2: edited and retouched images for visual arts projects and personal social media posts.

Communication

WRITTEN SKILLS

- Communicated professionally via email with professors.
- Wrote technical reports analyzing past accidents in the field of science.
- Wrote an article for the high school newspaper that also got published in Le Droit, Gatineau's largest newspaper: http://bit.ly/hyw-article.

ORAL SKILLS

- Participated eagerly in team discussions by listening attentively and contributing ideas.
- Presented PowerPoint slideshows with enthusiasm in front of classmates.
- Debated confidently on a bioethics topic in the context of a high school ethics course.

Work Experience

Fun Junction
Amusement Centre Team Member

Gatineau, Quebec

Jun. 2019 - Aug. 2019

- Demonstrated leadership by explaining to children the rules of activities such as laser tag and mini-golf.
- Showed responsibility by knowing and ensuring compliance with safety guidelines associated with the amusement centre.
- Improved problem-solving skills by fixing broken arcade machines and malfunctioning laser tag vests.

Metro Inc.
Deli Clerk

Gatineau, Quebec

Jul.2018 - Oct. 2018

- Acquired time-management skills by preparing food and serving customers.
- Demonstrated dependability by cleaning machines such as ovens and deep fryers after every shift.
- Conveyed empathy when handling customer dissatisfaction and queries about the food and service.

Dépanneur Olympique
Convenience Store Clerk

Gatineau, Quebec

Jun. 2017 - Jul. 2018

- Showed efficiency by operating a cash register and bagging items all in less than one minute.
- Developed problem-solving and communication skills while dealing with customers.
- Acquired organizational skills by managing the store inventory.
